# Partner Program

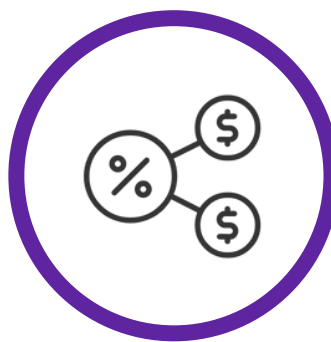

Join our **exclusive Partner Program** and discover how to achieve high earnings by leveraging advanced tools and continuous growth opportunities for you and your clients.

Expand your business with our  
AI-powered SEO solutions

# Why become a Traffic Loop partner

Traffic Loop is a **highly innovative AI-powered SEO software** designed to automate SEO tasks and generate semantically optimized content for search engines. With advanced algorithms, the software **significantly improves a site's online ranking** while reducing content production time and costs. With Traffic Loop, you not only boost your online visibility but do **so faster and more efficiently**, minimizing the time and resources needed to create high-quality content. Our **partner program** is designed to establish strategic collaborations with industry professionals and offers a wide range of exclusive benefits, including substantial earnings and professional growth opportunities.

## Commissions up to 30%

on every sale, plus passive earnings on renewals.

## Access to marketing tools

and dedicated technical support to help you maximize your sales.

## Annual bonuses

based on sales volume achieved.

## DFY packages" (Done-For-You)

Simplify the sales process: focus only on promotion while we handle the technical implementation.

## How It Works

# How does the partner program work?

- The Partner Program is dedicated to:
- **Marketing and communication agencies** looking to enhance their SEO and AI offerings, improving client performance and retention.
- **SEO consultants and experienced professionals** with at least 3 years of experience who want to enhance their clients' results with advanced and scalable solutions.
- **Freelance SEOs with a portfolio of at least 10 active clients**, ready to leverage innovative tools to improve SEO performance and achieve significant earnings.

Becoming a **Referral Partner** means promoting Traffic Loop to your clients and earning commissions on every license sold, with **no initial investment required**. As you sell more licenses, your earnings will increase, with commissions **up to 30%**. You'll have access to customized marketing materials and technical support to help facilitate your sales. Additionally, our highly flexible program allows you to manage clients and sales according to your needs, without any rigid constraints.

## Benefits

# Why choose Traffic Loop?

Becoming a **Referral Partner of Traffic Loop** means enjoying **exclusive benefits** that allow you to turn your connections into tangible earning opportunities.

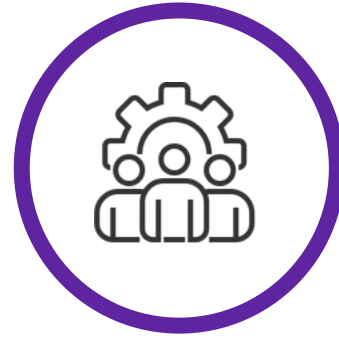

## Why choose Traffic Loop?

# The benefits of our partner program

### Access to DFY Packages

By becoming a Referral Partner, you will gain access to **DFY license packages** and can focus solely on promotion and sales. Traffic Loop will handle all technical implementation, allowing you to concentrate on growing your business without worrying about technical and operational aspects.

### Dedicated technical support

Each partner benefits from an **exclusive and dedicated Account Manager**, ensuring priority technical support. This guarantees a quick resolution of any issues and a smooth and seamless implementation.

### Customized marketing materials

We provide **fully customizable** marketing materials, including promotional videos, white papers, and presentations. You can tailor these materials to your branding to present the software in a professional manner that aligns with your company image.

### Cross-Selling of Addons

In addition to selling the basic licenses of Traffic Loop, you can also offer **exclusive addons** such as Link Juice Building and Content Rewrite. Each addon sold will allow you to earn an **additional 15% commission**, thereby increasing your profit potential.

## Why choose Traffic Loop?

# The benefits of our partner program

### Early Access to New Features

Partners have the opportunity to **preview and test** new features and updates of Traffic Loop. This early access allows you to offer your clients the latest innovations before they are available to the public, giving you a real competitive advantage.

### Usage Demo and Presentation

Partners have the opportunity to access a **free demo** of the software, allowing the generation of **up to 500 optimized pages**. This demo provides a clear insight into the capabilities of Traffic Loop and helps you convincingly demonstrate the software's effectiveness to your clients.

### Tutorial Academy - Training and Support

Partners have exclusive access to the **Traffic Loop Academy**, an online training platform that includes tutorials, specialized courses, and technical and commercial support. This resource ensures a deep understanding for optimal use of the software.

### Non-Compete Agreement

Traffic Loop **guarantees exclusivity** in managing the clients you acquire. This commitment ensures that no other agency can intervene or manage the same business relationships, protecting you from conflicts of interest and client overlap

Value

# Values and Commissions for Partners

Traffic Loop values its partners with a beneficial and transparent commission system.

## Value

# Values and Commissions for Partners
